[Annual Maintenance Agreements](#) available for the Refurbished HandPunch HP3000.

### About AMG Attendance System

AMG Attendance System is a user-friendly, flexible and full featured employee management tool which allows controlling your employees' attendance by automating timekeeping and attendance tracking. It captures data from electronic data terminals such as Badge Readers, Fingerprints, Biometric HandPunches which includes the Refurbished HandPunch HP3000 hand reader and simultaneously allows optional PC entry. Based on those IN and OUT punches polled from the devices, it automatically calculates employees' working time and wages.

### AMG Attendance System can help you by:

- ✓ Reducing time needed to verify attendance data
- ✓ Reducing payroll processing time and cost
- ✓ Eliminating mistakes in calculating work hours and wages
- ✓ Eliminating unauthorized overtime
- ✓ Automatically generating reports and payroll exports

### What are the Benefits for your Business?

- ✓ Better control of labor force
- ✓ Improved work productivity
- ✓ Better control over cost distribution
- ✓ Efficient use of human and financial resources

## **Refurbished HandPunch HP3000 Hand Reader**

### **When you want to cut time and attendance costs...do it by hand**

Schlage Biometrics brings the accuracy and convenience of biometric technology easily within reach of any time and attendance application with the Refurbished HandPunch HP3000. In operations that range from coal mines to clean rooms, the Schlage Refurbished HandPunch HP3000 has proven itself to be a practical and precise solution for employee time management and access control.

### **Our biometric time clock, hand scanner, works by identifying employees' hand geometry instantly**

Schlage Refurbished HandPunch HP3000 hand reader identifies the employee by the unique size and shape of their hand. This means your employees will no longer need to carry cards or keys. The costs and risks associated with credentials that can be lost, stolen or duplicated without authorization is also eliminated. Schlage Refurbished HandPunch HP3000 hand reader also eliminates time fraud by making it virtually impossible to "buddy punch." The result is more accuracy, productivity and profitability for your company.

### **Your Hand Is Your Card**

With the Refurbished HandPunch HP3000 hand reader there are no cards to create, administer, carry or lose. For mid-size companies, the Refurbished HandPunch HP3000 provides a high return on investment by eliminating the cost associated with administering and managing cards. For companies that have single or multiple locations and face the daily occurrence of buddy punching, the Schlage Refurbished HandPunch HP3000 will eliminate employee time theft instantly.

### **Affordable Ethernet Solution**

Recognition Systems Refurbished HandPunch HP3000 comes standard with serial RS232 connection allowing for quick integration into your time management systems, applications and existing network infrastructure. Additionally you can upgrade to Ethernet (TCP/IP) as well.

### **Hand Geometry Technology**

The Refurbished HandPunch HP3000 uses Schlage's field-proven hand geometry biometric technology. The terminal captures an image of the hand each time the employee punches. The hand's size and the shape are used to verify their identity with unparalleled accuracy. No finger or palm prints are utilized. The technology works well indoor as well as in harsh environments.

### **Programmable Data Management Keys**

The Refurbished HandPunch HP3000 has two user-definable data management keys that let you collect data as employees punch. Common uses include department transfers, tips collected, job codes, or pay codes.

### **Antimicrobial Protection**

Every Refurbished HandPunch HP3000 biometric hand reader contains a silver-based anti-microbial agent-which is embedded into the materials used to produce the platen, providing a finish that inhibits the growth of a broad spectrum of bacteria, mold, and fungi and remains active for the life of the Refurbished HandPunch HP3000 hand reader.

### **Hand Outline**

The Refurbished HandPunch HP3000 comes standard with a blue hand outline printed on the platen. This hand outline helps new users place their hand accurately on the platen thus decreasing initial

enrollment time and better enrollment quality. It also includes the Ingersoll Rand Schlage Biometrics logo.
