Demonstration Unit Amano MJR 7000 Employee Time Clock

These Amano MJR 7000 timeclocks are not pre-owned or used by a company. These MJR-7000 time recorders were used by vendors for demonstration purposes.

Clock purchase includes:

manual
1 key
programming
2 Ribbons

1000 Timecards 1 Year Warranty

Programmable time recorder automatically calculates employee hours through consistent application of payroll policies. For up to 100 employees.

Discover fast accurate payroll preparation with the MJR Series computerized time recorder. The Amano MJR-7000 automatically calculates hours worked, and separates overtime hours taking the "guess work" out of payroll processing.

Benefits of the MJR-7000 Demo Unit

- ✓ Replaces time sheets and clock with computerized time calculating terminal.
- ✓ Controls employee time theft.
- ✓ Eliminates costly calculation errors.
- ✓ Accommodates a wide variety of payroll calculation rules.
- ✓ 100 Employee Capacity.
- ✓ Automatic card feed.
- ✓ Automatic break deduction option.
- ✓ Built-in battery backup.
- ✓ Break net rounding.
- ✓ Two-sided printing for bi-weekly pay period.
