

2-Sided Magnetic Card Holder

Manufacturer:

Price: \$1.45

Special Discounts for Multiple Purchase

Description

Magnetic ID Holders look sharp - enhance your company's professional image!

Personnel at many companies must carry two ID cards.

There are no clips or pins to damage clothing, and shielded magnets are available, which won't erase cards with magnetic stripes.

Millions of our Magnetic ID Holder have been used by people who prefer not to put a clip or pin on their clothing.

These 2-Sided Card Holders allow you to carry both cards conveniently. Magnets sealed behind each card line up to hold both badges on a shirt pocket. To change which badge is visible, just reverse the holder in your pocket.

Allows personnel with two cards to carry both conveniently. To change which badge is visible, just reverse the holder in your pocket.
